ADV Vision Launched to Provide World Class Eye Care to California’s Central Coast

Partnership Between San Luis Obispo Ophthalmic Surgeon Adam Abroms, M.D. and Southern California-Based Dougherty Laser Vision Delivers Innovation-Driven Refractive Surgery and General Ophthalmology Services Across Central Coast Region

Paso Robles, San Luis Obispo and Santa Maria, Calif. – May 30, 2017 – Improving vision care across California’s Central Coast is the focus of ADV Vision – a new regional eye care venture launched today by Southern California-based Dougherty Laser Vision and San Luis Obispo eye surgeon Adam Abroms, M.D.

With locations now open in Paso Robles and San Luis Obispo (and another on the way in Santa Maria), ADV Vision provides the latest, innovation-driven techniques and technology to patients seeking refractive surgery (LASIK and lens exchange), cataract surgery, glaucoma diagnosis/treatment, blepharoplasty (eyelid surgery) and general ophthalmology services.

The new venture combines Dr. Abroms’ nearly 20 years in local practice with the resources and pioneering research of Dougherty Laser Vision, which has offices in Beverly Hills, Westlake Village, Camarillo and San Luis Obispo. Together, they have positioned ADV Vision to bring unsurpassed eye care and correction to consumers across the Central Coast.

“We’re excited to team up with Dr. Abroms and partner with outstanding local optometry professionals to offer the most advanced surgical eye care,” said Paul J. Dougherty, M.D., medical director of Dougherty Laser Vision. “Dr. Abroms is an extraordinarily skilled and compassionate surgeon who delivers the highest quality care – and he does so with a deep connection to the Central Coast.”

Dr. Abroms added, “After many years in independent practice, it’s a great privilege and pleasure to join Dr. Dougherty and his team to form this new partnership. ADV Vision will propel our already high standards to deliver a new level of eye care to patients throughout the Central Coast.”

ADV Vision locations include Paso Robles (104 Gateway Center, Suite B), San Luis Obispo (835 Aerovista Lane, #110) and Santa Maria (opening soon). For patient inquiries, call (805) 987-5300 or email info@doughertylaservision.com.

About ADV Vision

ADV Vision was launched in May 2017 to provide world-class eye care to patients across California’s Central Coast. It offers a wide-range of services, from LASIK and lens implants to cataract surgery, glaucoma diagnosis/treatment, eyelid surgery and general ophthalmology. ADV Vision was formed via a partnership between San Luis Obispo ophthalmic surgeon Adam Abroms, M.D. and Southern California-based Dougherty Laser Vision. It combines innovation and state-of-the-art technology with a deep commitment to serving the Central Coast region. More information is available at www.DoughertyLaserVision.com.
